Cantigi Kulon RT/RW 001/001, Cantigi, Indramayu, Jawa Barat

I am Tohadi, a Computer Science student with a focus on web development. Since high school, I have been interested in technology and have a passion for learning new things in this world. I have expertise in web development, both front-end and back-end, with skills in HTML, CSS, JavaScript, and PHP. As well as using frameworks such as Bootstrap and Laravel to create dynamic and functional web applications. I am always looking for ways to improve my skills and develop innovative solutions in the world of web development.
